

Activities & Half-term Kids Club

For the half-term holiday period in May we will have on site an entertainer who on a daily basis from noon till 4pm will organise activities for our younger owners and guests. Water Polo, volleyball and li-lo races every day, not to forget our Kids Club where they can spend time colouring books, playing with jigsaw puzzles and watch English language movies. Don't forget about our "Book Exchange" facility in the *Entertainment Room* or if you just want to relax, try a relaxing massage that Bliss Beauty Salon offers around the pool side. Internet to check your e-mails or read the online newspapers is available at a small charge, so you don't have to carry a laptop! We also have a free WiFi service around the pool for owners and guests that need to be "in touch" all the time. There is plenty to do, so make sure you look for our entertainer when you get here!

Maintenance works at Fairways

In March we completed some major works to our "Water Gardens". We had to empty the ponds, seal the area because of some water leaks and then paint. Using this opportunity we have added some extra features and now have two small water cascades and 4 new water jets in the main part, where the fish and tortoises are.

Due to the exceptionally heavy rains in February and March we are still repairing and painting apartments affected. Paint on the outside walls also needs to be re touched in many places. We are working on this now, but the continual bad weather hasn't been a help!

Time for a Freehold?

There are still a few studio and 1 & 2-bedroom apartments for freehold sale in Fairways. Studios from 59,000€ and 1-bedrooms from 69,000€. 2-bedrooms from 99,000€

Water gardens

Fairways Community AGM

On March 3rd the Fairways Community celebrated its 21st Annual General Meeting. The budget for 2010 was approved unanimously and apart from the usual ongoing maintenance, the following large works were approved.

- Retiling of passageways between blocks 1, 2 & 3, which completes the retiling programme started 4 years ago
- Shredder Pump for the water gardens which will keep the area cleaner and help circulate the water better.
- Filter for the main water supply, which will save a lot of money in the future on replacing water heaters, bathroom and kitchen taps, not to mention cleaning products.
- Replacement of bushes in block 7 for a solid wall. We have already started to look around for ideas and pricing of this 75 meter long project and hope to complete it by the end of this year.

Vol. 1, Issue 2, April 2010

Newsletter Spotlight

Fairways Club still has some **rental weeks** available for those members that want an "extra week" for their stay. Please see details on: www.fairways-club.com or call us at the resort for info. Must be booked by 30 April!

Kids Club hard at work!
