

Letter from Dagmara

Welcome to the new Fairways Club newsletter, where we hope you can find the information you need about the resort and the latest news about any changes and improvements that we are constantly working on to improve your holiday experiences. As usual, you can always find this on the Club web site. We want to hear your opinion too, so please keep sending us your e-mails and letters. Simply click on the relevant box under "Contact us" on web site: www.fairways-club.com and your message will reach us in no time. As you may be aware Fairways, has been awarded the 2010 accolades for both Hospitality and Gold Crown status. These awards are based completely on comment cards that are returned from visiting RCI and RCI Points members, achieving the marks to obtain the awards are extremely tough. Well done to all !!!

Maintenance works at Fairways

Over the last few years a lot of work has been done around Fairways and Amarilla Golf, which is now becoming a very popular area. All staircases and terraces in the complex have now been retiled and most of the walkways too, except for the one between blocks 1 and 2-3, which is planned for this year. Our gardens look fantastic, thanks to Pasiflora, who have "babysat" these areas from day one. We have now put the Latin and local names to most of the palm trees and plants within the resort... this we are now calling the "Fairways Botanical Gardens". Good news for swimmers too as our swimming pool has an additional, powerful, water heater, so even during the torrential rains and cool weather we are having lately the pool is full of smiling swimmers. Entrance to the resort from the Supermarket is another big improvement. It has been tiled with hand rails on the side and small gardens with palm trees and colorful flowers set on each side of the entrance.

Isn't it time you realized that dream of having a home-away-from-home?

There are still a few studio and 1-bedroom apartments for freehold sale in Fairways. Studios from 59,000€ and 1-bedrooms from 69,000€. For more information e-mail us on: Asale@fairways-club.com

Fairways Club will be sending this bi-monthly newsletter to all members whose e-mail address is on file. Please make sure we have a current e-mail address on record to continue to receive your copy. As usual, information is always available on the web site.

Newsletter Spotlight

Fairways Club still has some rental weeks available for those members that want an "extra week" for their stay. Please see details on: www.fairways-club.com or call us at the resort for info on availability.

Newly retiled side entrance to Fairways

9th Hole Bar Reopens Under New Management

We have fantastic news to share with you! After a couple of years of very little activity, Fairways 9th Hole Bar reopened their doors under new management on 16th of January. It now offers an outside terrace with lovely views over the golf course up to Mt. Teide and an extensive breakfast, lunch and evening menu. Currently they are open all day. I am sure you will check it out for yourselves on your next visit but I personally recommend their Pancakes with different fillings or the tuna & cheese Quesadillas, and of course, their warm and smiling service. Check for photos and more information on www.fairways-club.com under "Our Facilities".

Medical Service whilst at Fairways

EU citizens are entitled to use the Spanish public health care system, free of charge, whilst on holiday in Spain, but be sure you have your European Health Insurance Card with you. Fairways Club has come to an agreement with a new local private clinic, closer to the resort. You can either visit an English speaking doctor in the clinic in Golf del Sur or ask reception to call for a home visit (there is a charges for the private clinic).
